

OPERATION JUSTICE *Cambodia*

ONE AND TWO WEEK OUTREACHES

JOIN US IN CAMBODIA!

Many are held in bondage and are suffering, but God has called His people to bring forth love and freedom, on earth just as it is in heaven. We can bring hope to those who are trapped in darkness. Operation Justice Outreach Schools seek to shine forth His glorious light into some of the darkest areas of Cambodia, specifically targeting human trafficking at its source and working collaboratively to protect and rescue vulnerable women and children.

Cambodia is a nation known for its oppressive history, but God is the great restorer. Come and be a part of strategic outreaches and partnerships in the capital city of Phnom Penh. You will help to transform the city and the nation, one person at a time. Join us for intercession, worship, evangelism, mercy ministries, and service projects that are impacting the region and transforming lives.

Many are without a voice, many are without a choice, but together, we can be part of the solution.
